

PERILOUS VOYAGE OF BERLIN II

German Entry Lands the Trophy for the International Race

ALL BALLOONS REPORT

Lieutenant Lahm and Aid Had Thrilling and Dangerous Trip Through Storm.

Kansas City, Oct. 9.—In winning the James Gordon Bennett trophy in the international balloon race which started from this city Thursday Lieutenant Hans Gerike, pilot of the Berlin II, was lost to the world for the third time Saturday night, after all the other entries in the race had been heard from a telegram was sent by the Aero club of Kansas City to Fred C. Ainsworth, adjutant general of the United States army, asking that all life-saving stations, signal corps and others in government service be requested to look for the German balloon and to give assistance to its occupants when found.

Shortly after this telegram was sent a message was received from Lieutenant Gerike, telling of his landing at Ladysmith, Wis., Saturday morning. He had traveled 468 miles. Gerike and his aid, F. O. Dunker, who came from Germany with the pilot, landed in a wilderness uninjured, but were unable to reach a telegraph station before midnight.

Lieutenant Gerike was also given up as lost last year in the international race which started from St. Louis. In the German balloon Dusseldorf II he was in the air 42 hours, traveling 1,100 miles and landing in the wilderness of Canada, from which he and his aid emerged four days later after a thrilling adventure and narrow escapes from starvation. Gerike's second time for being given up for lost was last summer when he went up from Berlin in the German in the German elimination race. He drifted out over the North Sea. He was sighted in England, but was again lost from view over the North Sea. He finally landed in France.

The nearest rival of the German balloon in this year's race was the Buckeye, piloted by Lieutenant Frank Lahm of the United States army. It landed near LaCrosse, Wis., 370 miles from Kansas City. Lieutenant Lahm and his aid, J. H. Wade, landed in a swamp suffering greatly from the cold, having encountered a severe storm after having passed over Chicago, and drifted out over Lake Michigan. They met a southerly current which completely changed their course. They tried to rise above this, but succeeded only in finding a current which carried them westward.

They were both worn out with their nine-hour vigil and it was decided that they land. E. R. Hunnewell, who went up as aid to Arthur T. Atherholt, pilot of the Pennsylvania, returned to Kansas City last night. He says that when they decided to come down their valve failed to work and they resorted to the rip cord at a height of 3,000 feet. The balloon fell like a rocket and hit the ground with terrific force.

In winning this year's race Germany has taken the Bennett cup from America into whose possession it would have permanently fallen if this country had won the championship for two successive years and a victory this year would have ended this international series. The next race will be held in Germany.

BALLOON'S PERILOUS TRIP THROUGH TERRIFIC GALE.

Cleveland, Oct. 9.—J. H. Wade, jr., the young Cleveland millionaire, who, with Lieutenant Frank C. Lahm of Mansfield, participated in the international race, was rescued from a perilous trip through a terrific gale.

Wade, who was rescued from a perilous trip through a terrific gale, was rescued from a perilous trip through a terrific gale.

BANK DIRECTORS

Must Own at Least Five Shares of Stock is the Attorney General's Decision.

Columbus, Oct. 9.—State Bank Superintendent Baxter was advised by Attorney General Hogan that each director of a savings bank must own at least five shares of its stock. This ruling confirms the position taken by the superintendent, and which was questioned by one savings bank, on the theory that it was exempt from this because of having been in business before the law was enacted.

FOR OPTION ELECTION.

Athens, O., Oct. 9.—Judge Wood has set October 28 as the date for holding a local option election in Athens county, a wet petition, having been filed containing 71 per cent of the voters. No business men were solicited.

HARMON WILL NOT STUMP COUNTRY

Columbus, Oct. 8.—Governor Judson Harmon does not intend to stump the country in an effort to further any Presidential boom, either now or at any future time. He will make many speeches outside of the state between now and the next Presidential election, but he will not make any extended junkets for that purpose.

This statement was made by a state attaché in the confidence of the Governor.

Mr. Harmon said that he would shortly venture into Kentucky soil in an effort to further the senatorial race of Ollie James and assist the Democratic gubernatorial candidate for that state.

"Whenever I believe the occasion demands political talks I will give them. Before the Democratic clubs in Boston I talked politics, and I am going to talk politics before at least one Kentucky audience. Later I will probably go into political matters further, but at present I don't think it necessary."

TO RESUME PEN PROBE THURSDAY

Columbus, Oct. 9.—The examination of witnesses in Attorney General Hogan's probe into the affairs of the Ohio penitentiary will not be resumed until Thursday morning. Mr. Hogan stated today that business would take him out of the city until that time.

Before leaving Columbus Attorney General Hogan stated that he had served notice on persons connected with the penitentiary that their refusal to testify before him would cause him to have them cited before the grand jury.

STATE TROOPS AT BLACK RIVER FALLS PATROLLING CITY

Black River Falls, Wis., Oct. 9.—Two companies of state troops ordered out today by Governor McGovern are patrolling this city and the valley below here to prevent the looting of property tossed up on the banks by the flood, and to assist in the sanitary work that has been undertaken to prevent sickness. Although the flood waters are rapidly receding, several more buildings undermined by the water have caved in and it is feared others will go. In an effort to restore the river to its normal channel through the principal thoroughfares of the city, it has been decided to rebuild the town on the hills on the west river bank.

Black River Falls today appeals to William Howard Taft, the governor of several states, and the mayors of all leading cities in the country for aid. A resolution asking for food and financial help was passed at a meeting of the council today and the appeal was immediately telegraphed all over the United States.

The governor was asked to issue a proclamation to all Wisconsin cities for funds to help rebuild the city and the executive is expected to respond this afternoon.

The looting of the ruins has assumed large proportions according to word sent out of the stricken city this afternoon. Two companies of militia have orders to bayonet any one found looting.

FELL UNDERNEATH THE TRAIN LOSING BOTH HIS LEGS

A deplorable accident occurred at Pleasant Valley, a small station on the C. O. division of the Baltimore and Ohio railway, on Monday morning at 6:30 o'clock, which forcibly illustrates the danger young boys run in attempting to board moving trains. In this instance a young lad named Thompson, aged about 12 years, and whose home is in Zanesville, attempted to board a west bound freight train for the purpose of coming to Newark, when he missed his hold and fell beneath the wheels, which severed both legs above the knee. The injured lad was taken to the Good Samaritan hospital in Zanesville.

SELECTING JURORS FOR THE M'NAMARA TRIAL TODAY

Los Angeles, Oct. 9.—The first scene in the McNamara trial which is attracting world wide attention was enacted here today when 125 prospective jurors were summoned before Judge Bordwell for preliminary examination as to their qualifications to sit in judgment on the men charged with dynamiting Los Angeles Times building Oct. 10, 1910. The real work of the trial will not begin until Wednesday.

From the varied and many times laughable nature of the excuses offered by prospective jurors in their efforts to avoid having to serve in the trial of the McNamara brothers it was evident that few residents of the county were favorably impressed with the work. One man "had married a wife" another was hard of hearing and another would not make a good juror and so it went down through the list. District Attorney Frederick today again refused to state which of the two defendants would be the first to be tried.

SLEUTHS CAUSED A NEAR RIOT

Swoop Down on Wooster With Search and Seizure Warrants

Take Church Elder's Money in Raid—Crowd Gathers With Threats of Lynching.

Cleveland, Oct. 9.—Six private Cleveland detectives, W. H. Propger, E. R. Stevens, J. C. Frederick, J. A. Wood, Steve Hildebrand and Fred H. Matthews, after raiding two restaurants and pool-rooms at Wooster, late Saturday night in an allegedly cowboy fashion, narrowly missed violent treatment at the hands of a crowd of angry men. Escaping on an interurban car they hurried to Cleveland, but were held up at Medina by the sheriff of Medina county assisted by six deputies. In an altercation which followed, the sheriff and two of his deputies were captured, brought to Cleveland and locked in jail on charges of assault and battery.

Later they were bailed out by Congressman Paul Howland who was routed out of a warm bed to go to the county jail identify them and go on their bond. Incidentally in the scuffle E. R. Stevens one of the detectives was roughly handled.

Several days ago representative citizens of Wooster, members of the Civic League, entered into an agreement with the service company, a private detective agency of Cleveland, to make raids on two Wooster pool rooms and restaurants, where it was suspected that gambling was permitted. Saturday night was chosen.

When the 9:30 car from Cleveland entered Wooster the party of sleuths dropped off, ready for the raid. Two went at once to the pool room and lunch room conducted by John Berger. Entering the place the detectives found two parties of men, sitting at different tables and playing cards. They took everything on the tables and Berger was conducted to the mayor's office in the City Hall.

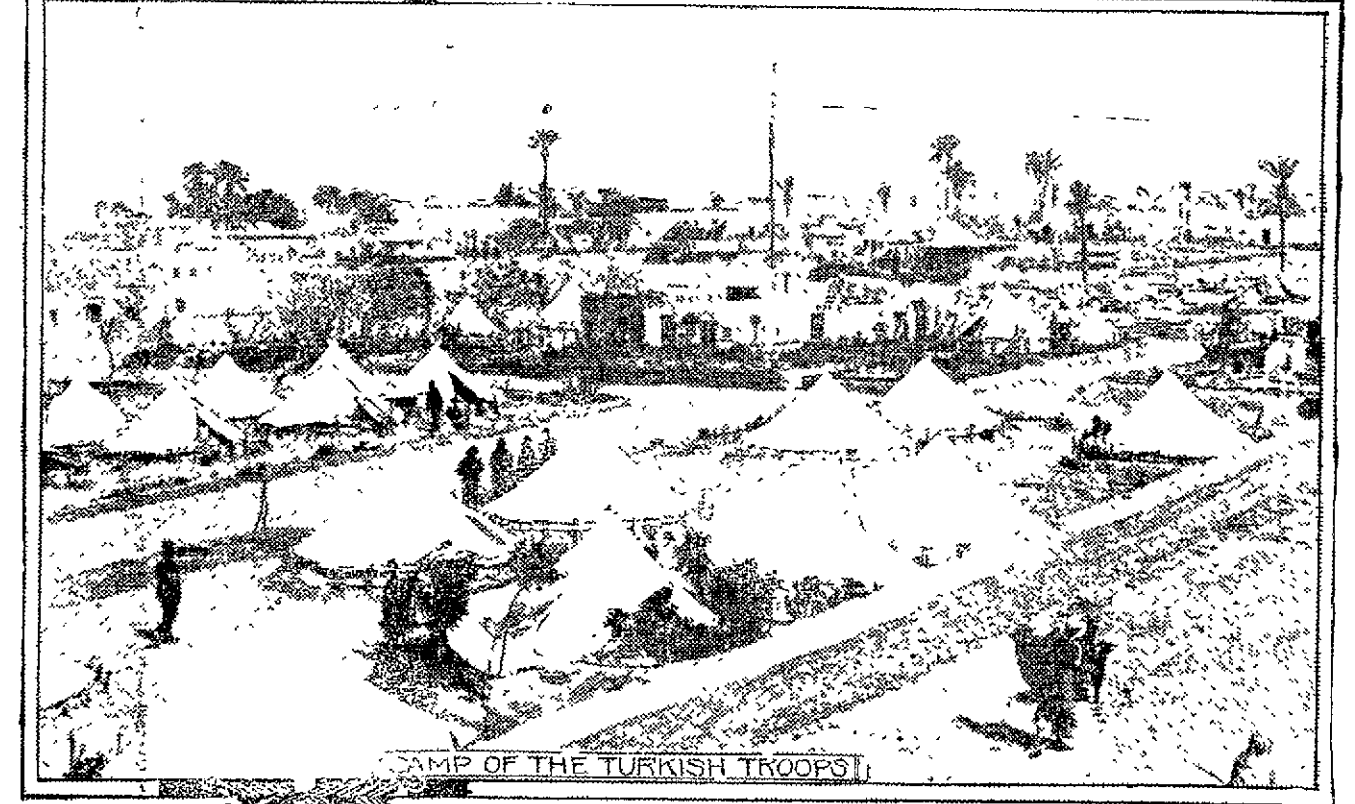

Four other detectives in the meantime had proceeded to raid the pool room and restaurant conducted by Fred Faber and patronized by business men and the liberal element of Wooster. Suddenly flashing revolvers and pointing them at the customers, they seized decks of cards, chips and money.

Most of the cash secured, it is said, belonged to an elder in the United Presbyterian church, and was laid on the table where he was making change to pay off his employees. At the same time three other detectives armed with a search and seizure warrant raided the restaurant owned by John Berger.

The detectives had no warrant to search the Faber place, it is said. Tom Langdon, of Mt. Vernon, employed here caused a warrant to be issued against one of the sleuths for pointing firearms in a menacing manner.

As soon as the raid became known a large crowd of men and boys gathered in the streets and hurried to the town hall. The six detectives, hearing the loud protests from the crowd outside, slipped out of the rear doors and through some back streets and alleys to the barns of the Cleveland Southwestern and Columbus Interurban line where one or two boarded the midnight car for Cleveland. The other men distributed themselves along the line for several blocks, boarding the car at different places to escape the mob. As the car was passing through the public square (Continued on page 8, col 2)

TURKISH CAMP IN TRIPOLI AS IT APPEARED BEFORE WAR BEGAN AND MARKET PLACE NOW OCCUPIED BY THE ITALIANS

Tripoli, Oct. 9.—The Italian forces are now occupying the city of Tripoli and are preparing to force the neighboring sections into submission. The Turkish soldiers, having fled from the city, are in no position to make effective resistance unless aided by powerful reinforcements from Turkey. The camp of the Turkish troops in Tripoli as it appeared before the war began and the market place in Tripoli, now occupied as a camp ground by the Italians, are shown in the cut herewith.

OIL TANKS AND CONTENTS BURN SUNDAY NIGHT

One of the largest and most disastrous fires that ever occurred in the eastern part of Licking county, was that which destroyed the two large oil tanks belonging to the E. H. Everett Company, near the Everett stone quarry at Black Hand Sunday night.

For some time the Everett company has been pumping oil from several wells in that vicinity into two large tanks each of which had a capacity of 275 barrels.

Both tanks were full of oil awaiting shipment. The fluid was of an unusual fine quality and was said to be worth at least \$1.75 per barrel.

Sunday night one of the men it is said opened the door leading to the tank room and thoughtlessly struck a match. In a second the gas from the oil had caught fire the force of the explosion throwing the man out of the door for some distance. The oil immediately caught fire and both tanks were soon a mass of flames and the reflection in the heavens could be seen for a distance of many miles.

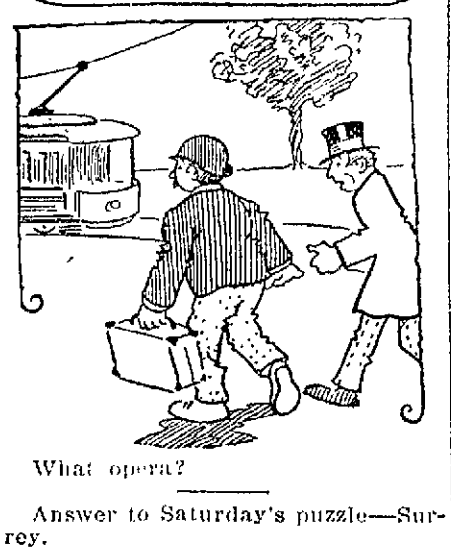

The fire attracted a large number of the farmers and others residing in the vicinity but they were powerless to do anything and both tanks burned to the ground.

It is estimated that the loss will be in the neighborhood of \$2000.

SALOON MEN TO HELP WOMEN TO GET A VOTE

Chicago, Oct. 9.—Liquor dealers of Wisconsin are in favor of woman suffrage, according to a statement issued

WHAT IS IT?

by the Retail Liquor Dealers' Protective Association of that state.

The statement says: "The saloon keepers will not oppose the enactment of the pending state providing for woman suffrage in the state."

"Most of the women of Wisconsin are favorable to the regulation of saloons, and we stand right with them."

BADLY INJURED IN A COLLISION WITH MOTORCYCLE

Elmer Hartman, an employee of the Jewett Car Works, collided with a motor cycle at the west approach of the West Main street bridge, and was thrown from his wheel and rendered unconscious. His nose was fractured and he received a number of minor bruises. The accident was due to the fact that an approaching team shut off the view of the men on wheels. Monday Mr. Hartman was resting comfortably at his home in Park avenue and expects to resume his position in a few days.

ADMITTED TO PRACTICE BEFORE SUPREME COURT

A telegram received by the Advocate Monday from Ernest Cornell, of Washington, who is secretary to Congressman W. A. Ashbrook, says that Roderie and Howard Jones of the well known law firm of Jones & Jones, of this city, were admitted to practice before the Supreme Court of the United States, when it convened Monday for the October term.

CLAIMS HE PAID MONEY TO MEMBERS OF LEGISLATURE

Milwaukee, Wis., Oct. 9.—Rodney Sackett, paymaster for United States Senator Isaac Stevenson, resumed the stand today before the senate committee investigating the charges of irregularity in Stevenson's election. Sackett declared he had paid money to L. H. Bancroft, C. C. Wellmeyer, Joseph Schauer and a man named Kemp, all of whom were candidates for the legislature which later elected Stevenson. Kemp he said was given money for putting up posters. The witness cited eight men whose itemized statements do not appear in the records of the committee.

He was asked later to prepare a statement of all money spent and not accounted for. Senator Pomeroy of Ohio questioned the witness

PATASKALA STREET OPENED FOR TRAFFIC

Pataskala street was opened to traffic Monday morning, after being closed for several weeks while contractors were macadamizing the roadway. The street is now one of the best in the city and as it is an important highway into the city from Franklin's addition and the territory to the southwest, the work is a valuable improvement.

The section repaired extends from Fourth to German streets and is about 1100 feet in length. It was filled in almost eight inches with crushed limestone and was soaked with water and rolled until the roadway is as hard as some streets that are paved.

This stretch of roadway cost a little more than one-third as much as street paving and it is believed that it will prove to be almost as durable.

Last winter Pataskala street, between these two points was almost impassable except during the short period of time that it was frozen solid. When the spring thaws set in, heavy teaming on the street was impossible.

PROPERTY LOSS FROM THE FLOODS IS OVER \$2,000,000

Durango, Colo., Oct. 9.—The real estate value of the damage that inundated towns and valleys and almost entire counties in southwestern Colorado and Northwestern New Mexico, by its destruction in every direction from here. The loss of life is not yet known as the section hardest hit by the flood has not been heard from. The property loss is estimated at over \$2,000,000.

LOOTERS WORKED IN TRIPOLI

First Direct News of the Turko-Italian War Reaches Washington

TROOPS HAVE LANDED

Much Damage Was Done City by Bombardment and but Few Casualties.

Washington, Oct. 9.—The first direct news of the Turko-Italian war since the bombardment of Tripoli began, reached the state department today. American Consul, John Q. Wood reported that the bombardment lasted three days beginning October 3 resulting in much damage. He stated that there was much looting during the firing. Vice-Admiral Bora Ricci landed Oct. 7 and installed himself as provincial governor, said Wood.

Constantinople, Oct. 9.—The Turkish government is renewing its efforts for peace. Despairing of securing intervention by any of the great powers, the Sultan's advisors are endeavoring to arrange some terms by which Italy's claims may be satisfied while saving the Sultan's face in the Mohammedan world. The people remain absolutely apathetic except for a small section of the young Turk party who continue to urge war, but have thus far met with little encouragement.

Rome, Oct. 9.—King Victor arrived in Rome today from Pisa and immediately took a special train for Naples where he will review the military expedition for Tripoli. An official despatch from Constantinople says that the entire Turkish fleet is in the Bosphorus. They have the furnaces draw and that it is evidently the intention of the government not to attempt to use the ships.

London, Oct. 9.—The number of casualties in the great war between Italy and Turkey has resolved itself today to the accidental killing of two men and a woman during the furious bombardment of Tripoli. During the first days of the war, every capital in Europe teemed with circumstantial reports of fierce fighting by land and sea, but now that the cable between Tripoli and Malta has been re-opened these reports have been shown to be considerably exaggerated and in some instances manufactured out of whole cloth. The usual report reached here today of Turkish torpedo boats being sunk in the Adriatic with the variation of a sensational rumor that the Turks had sunk an Austrian ship. Little credence is placed here in either report. Despatches from Malta state that fishermen arrived there from Tripoli today and say the town was practically unharmed by the bombardment and that the Italian gunners fired so wildly that most of their shots passed over the forts and buried themselves harmlessly in the sand. The same witnesses assert that only casualties were three people killed while watching the bombardment. The fishermen said that the only Turks who had any desire to fight were a few artillerymen who had never fired the ancient guns in the fort and wanted to do so out of curiosity.

YOUNG WATTERS

Who Assaulted Aged Father and Mother Fined by Judge Wickham in Delaware Court.

Delaware, O., Oct. 9.—"I got off just five years easier than I thought I would," remarked Andy Kapler, alias William Hoffman, as he was led from Judge Wickham's court after receiving a sentence of five years in the pen for burglary.

Kapler escaped from the county jail several weeks ago and was later located in Pittsburg. George Mason pleaded guilty to burglary and got four years. Charles Watters, guilty of assault and battery on his 70-year-old father, B. F. Watters, was fined \$100 and costs, with a 30 day suspended jail sentence.

Young Watters also assaulted his mother and the father stated that the mother's jaw is fractured. The latter case is yet to be heard. The Watters family is wealthy.

ELECTION DATE SET.

Lisbon, O., Oct. 9.—County Commissioners Saturday afternoon set November 3 as the date of the next county local option election in Columbiana county. A petition containing 7,499 names was favorably acted upon by the commissioners.

DENISON NARROWLY ESCAPES TIE SCORE WITH WOOSTER

Sloppy Field Marred Game at Granville Saturday—Denison's Scoring Machine Weak at Critical Times—Three Individuals Constitute Main Strength of Baptist Eleven.

In a game that was more or less disappointing to the loyal supporters of Old Denison, the Baptists had a narrow escape in getting away with their six to five victory. On paper the victory has no glory in it for Denison. The margin is too small. From the side-lines, however, the student body was able to get a little more consolation from the game as it progressed.

It developed that Denison has some star players and that the eleven will be compelled to depend largely upon these individuals for the bulk of the offense as well as defensive work for the rest of the season.

Rupp, Deeter and Phelps were the consistent ground gainers and were more frequently opportune with their defensive work. Wickenden and Haskins were next to the first mentioned in value to the team.

Like the wall that went up on Ohio State's campus after Saturday's game with Miami, Denison's followers are clamoring for a scoring machine. Saturday the Granville men outpointed Wooster throughout the game and even in playing straight football Coach Livingston's eleven was able to advance the ball steadily into Wooster territory. However, each time the ball approached Wooster's goal, something went wrong and the ball was lost to the visitors and was straightway boot out of danger.

This was largely due to Wooster's stubborn defense when their goal was in danger. Even the touchdown made by Rupp was made on the third down and it was barely an inch over the line. When the scrimmage started, which forced the ball over the line was formed scarcely 12 inches from the Wooster goal. The play was called straight through the center of the visitors' line. The advance was hardly perceptible but was enough to score the five points.

On the other hand, Wooster's lone touchdown was the result of Denison's weakness in getting under the punts of Wooster's excellent kicker. Wickenden failed to get under a long punt from Denison's 45 yard line and Reed fell on the ball which rolled behind Denison's goal. Mower made a miserable attempt to kick goal and lost the opportunity to tie the score.

Neither side attempted to use the forward pass until late in the game. Then it was more or less of a failure.

NEWARK LOST TO EAST HIGH ON WET FIELD

East High easily defeated Newark High Saturday morning at Young's Park, 20 to 0. The play was on a muddy and slippery field, but this did not hinder the work of East. Both elevens were about evenly balanced in weight, but the aggressive style of East took the visitors off their feet. Newark's line was very weak. C. and J. Brown were the best that Newark offered, while the Schory Brothers and Latham were the stars of East. Line-ups:

East.	Newark.
Latham.....Cook	L. E.
Thurman.....Kellar	L. T.
Courtney-Taylor.....Ward	L. G.
Peters-Vorvys.....Myers	C.
Pearson.....Parker	R. E.
Corbett.....Stoeffer	R. H.
Chillicot.....Orr	R. T.
Murphy.....Warner	Q. B.
Hamlin-Peckman.....C. Brown	R. H.
R. Schory.....J. Brown	L. H.
H. Schory.....Ashley	P. B.

Touchdowns—Latham, H. Schory, H. Schory. Goal from field—Thurman. Goal from touchdown—Thurman, 2. Referee—Bookman. Umpire—Gillum. Kneptac, alternating. Time of quarters—7 1-2 minutes.

SUMMIT, 7; PATASKALA, 0.
Summit, O., Oct. 8.—Summit won an interesting game from Pataskala on the latter's grounds Saturday by the score of 7 to 0. The feature of the game was the pitching of Bateman, who has the spittling hand perfect. Batteries—Pataskala, Dunlap, Bateman and Algo. Summit, Daveport and Gorey.

PISO'S
Contains No Opiates
The Safest and Best
Remedy for
COUGHS & COLDS

for both sides. Only once did each side make consistent gains with this spectacular play.

Denison's best ground gainer was a trick play in the nature of a fake double pass. It consisted of passing the ball to the quarter, who apparently gave it to another man back of the line, to carry straight through. In reality the ball was retained by the quarter and a quick run was made around the end while the defense was massing its strength to stop the onslaught against the line.

Frequent penalizing by the referee greatly marred the game from a Denison standpoint, the Baptists being frequently charged with off side play and holding. Penalties from five to fifteen yards at critical times were largely responsible for the low score.

While Wooster was practicing signals and formations before the game, several pretty drop kicks were made, but none of these were resorted to during the game.

Denison tried three times for a goal from placement but each time the attempt failed, the ball going wide of the posts or being blocked by the Wooster men. Lineup and summary:

Denison.	Wooster.
Henricks-Haskins.....Crooks-Hackett	L. E.
Ashley.....Compton	L. T.
Hewins.....Kilpatrick	L. G.
Curtin.....E. Evans	C.
Forsythe.....Yohannam-Finley	R. G.
Thompson.....Weygant	L. T.
Wood.....Reed	R. E.
Phelps.....White	L. H.
Deeter.....Collins. (C)	Q. B.
Rupp.....McSweeney	R. H.
Tramer-Wickenden.....Mower	P. B.

Summary—Touchdowns—Rupp and Reed. Goals from Touchdowns—Henricks. Goals failed—Mower. Referee—Parrott. Case, Umpire—Gillum. Judge, Head Linesman—Poe of Denison. Timers—Stillwell of Denison. Knight of Wooster. Time of periods—12 1-2 minutes.

Beware of Quaintments for Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

The Daring Little Humming Bird.
Courage has little or no relation to bodily size. The humming bird is the smallest of birds, but also one of the most fearless and pugnacious. He attacks kingbirds and hawks, and those tyrannical creatures, though of monstrous size in comparison, seem not at all ashamed to fly from his onsets. The fights of humming birds among themselves are often fierce and protracted.

TO SOUTH BEND

Goes Newark Franchise Says President Carson of the Central Base Ball League.

South Bend, Ind., Oct. 9.—Dr. R. F. Carson, president of the Central League, announces that the final vote of the league directors, ratifying the purchase of the Newark franchise by the local baseball association has been received, thus insuring Central league baseball for next season.

The purchase price paid for the franchise, shown of the players, who were auctioned off at a meeting of the league magnates at Dayton several weeks ago, was \$2,000. Ed Wheeler probably will manage the team.

QUINTET LEAGUE OPENS THE SEASON THIS EVENING

On the Atherton avenue tonight the fifty Quintet league will be opened for the season when the Imperials and the teams will clash. All league games will be called at 7:15 o'clock.

***** POLICE COURT *****

Howard Toolman was arrested Sunday by Chief of Police Hinde and is being held for a hearing on a charge of stealing a horse. It is alleged that he took a horse from Charles Whitehead, tavernman, which was not returned.

Steve Blinica, a foreigner, who operates a boarding house at a point near the Everett factory, was arrested this morning on a warrant charging him with violation of the loose law. The case was tried immediately and Steve was found guilty. A witness testified that Steve sold him four bottles of beer for 25 cents.

"Dr. Thomas' Eclectic Oil is the best remedy for that often fatal disease, cramp. Has been used with success in our family for eight years," Mrs. L. Whiteacre, Buffalo, N. Y.

"LIFE'S" STORY

Recalls Congressman Ashbrook's Little Joke Which Was Sprung While He Was Postmaster.

The following story from "Life" reminds us of an incident that occurred in Johnstown when Congressman W. A. Ashbrook was postmaster of that bustling little town. The merchants inaugurated a war on prices and merchandise was offered at bargain prices. In order to be in the swim, Mr. Ashbrook posted a card in the postoffice reading:

THREE POSTAGE STAMPS FOR FIVE CENTS.

Soon a dapper young drummer entered the postoffice and having read the sign inquired of Mr. Ashbrook if he really meant it.

"Of course I mean it," was the answer.

"Guess I'll take about \$10 worth said the traveling man, as he reached for his wallet.

Then the postmaster began to deliver the stamps giving him two reds and a green (two twos and a one) for every nickel. The drummer enjoyed the joke, and took his \$10 worth of stamps but he paid full price for them. But here is the "Life" story:

Recently in Seattle in a cigar stand appeared the sign: "We give \$15.00 for 1909 Lincoln pennies." No less a person was attracted by this than Judge Watson. He walked up to the counter and laying down a penny triumphantly. The clerk took the penny examined it closely asked if it were genuine and after several minutes sighed and said he guessed it was good.

"Certainly it is," answered the Judge "Where is my \$15.00."

"Where," said the clerk, "are the other 1908's?"

MAYOR ORDERS GIRL TO RETURN TO HER MARION CO. HOME

Because her sister found her entertaining a man in her room over the First National bank this morning, Mayor Ankele ordered a young woman who has lived in Newark for several months, to return to her home at Green Camp, Marion county, forthwith. She was placed in custody of an officer to see that she made the start from Newark this night.

The sister from Marion arrived in town this morning and went to a local hotel where the girl had stated she was employed. She was not there and the sister was directed to her room in the bank building.

At the room, the Newark girl received her sister, but after a conversation at the door, the sister was invited in and there she found her sister had been entertaining company. The Marion woman sought the aid of the police and the girl was brought before the mayor, who ordered her out of town after inquiring into the details of her relationship with the man.

Neither of the girls gave their names to the mayor and the girl who lived in Newark refused to tell Mayor Ankele the name of her friend who was found in the room this morning.

***** SHORT SPORT *****

One season ticket to all the street parades hereby is offered the fan who can tell Giants and Athletics how they can get 100,000 persons inside their ball parks every day. It's barely possible though that it can't be done without a nuke-up.

Instead of being good and participating in the world's series—at about 3,000—Bugs Raymond is pitching him all for the Gunthers, a semi-pro team of Chicago. Yesterday he was batted out of the box. But Bugs' soliloquies all be' up and in the fire of spring the winter garment of repentance fling. That portion regarding the bird of time is omitted intentionally—we could repeat it.

It took 11 innings and Hans Wagner's error to beat the Pirates.

Fred Clarke says he has a winner in young Hendrix, the Kansas City semi-pro, who twirled for the Buccaneers.

Harmon was unusually effective and probably over generous? He yielded no hits to the Reds and the Cardinals won as they pleased, 5 to 0.

Eighty-four paid admissions saw the browns slaughter the Tigers in the angles in St. Louis. The first score was 17 to 2, and the second, 5 to 0.

Rollie Zeider, sub, third-baseman of the White Sox, was a shining star yesterday. Five times at bat, four hits, one home run, five runs scored, one stolen base, three put outs, two assists and no errors.

The American league aggregation of all stars, gathered together the Athletics in trim for the world's series fell on Iron Man McGinnity of Newark, and won their game, 2 to 0.

Wood, of Boston gave up only four hits to Newark. The often force of the Giants can't even see over the top of the mail applications for seats. There's so much money laying around in the mail that a special policeman has a guard it. Pennant winning plays.

It were not best that we should all think alike; it is difference of opinion that makes horse races possible.

CASTORIA For Infants and Children. The Kind You Have Always Bought

Beware the Signature of *Chas. H. Peterson*

It is not alone the convenience, or the freshness, or the crispness, or the unusual food-value, or the digestibility, or the cleanliness, or the price, that has made Uneda Biscuit the National Soda Cracker.

It is the remarkable combination of all of these things.

If everyone, everywhere, knew how good they are, everyone, everywhere, would eat them—every day.

Sold by grocers in every city and town—Bought by people of all classes.

Never sold in bulk—always 5 cents in the moisture-proof package which keeps them oven-fresh.

Society

The home of Mrs. Rebecca Neighbarger in Prior avenue, was the scene of a delightful party Saturday evening, the event honoring the eighteenth birthday of her daughter Julia. The evening was spent in games and music, and the hostess received many beautiful gifts.

A dainty luncheon was served the following: Misses Julia Neighbarger, Esther Banton, Mary Hankinson, Beatrice Scott, Edna Pine, Stella Tanner, Bessie Hankinson, Florence Hurlbaugh, Lillian McNealy, Marie Alexander, Katherine Mast, Loretta Tygart, Freda Wagenheim, Florence Palmer, Hazel Taylor, Florence Boyd, Clara Taylor, Lillie Boyd, Mary Long, Dorothy Kelly, Dora Rinehart, Mary Stapleton, Hazel Devereaux, Grace Berry, Elma Long, Alta Neighbarger, and Mrs. Stella Coffman, Messrs. Lawrence Hupp, Harry Tinnin, Fred Saxton, Roy Peas, Jay Mowrey, Frederick Andrews, Raymond Hankinson, Ellis Lamp, Walter Robinson, Fred Andrews, Arthur Westlake, Stanley Darnes, Stanley Neighbarger, and Master Phillip Coffman.

The guests departed at a late hour, wishing Julia many happy returns of the day.

Mrs. Edward Aschcraft of Bladensburg, was the honor guest at an informal dinner Saturday given by Mr. and Mrs. Wallace Melick, at their home on West Main street.

Mrs. William C. Miller of Hudson avenue will be hostess to the Tuesday Afternoon Bridge club this week at her home. The meeting day, however, will be on Wednesday instead of Tuesday.

The summer months saw the discontinuance of many of the clubs holding weekly meetings and now as the fall draws to a close all are making plans to again take up the social and business work of the various organizations. The initial meeting for the season of the Monday Afternoon Sewing club was to have been held this afternoon at the home of Mrs. W. G. Corne in Hudson avenue, but Mrs. Corne postponed the meeting. No time has been set to replace today's date.

Announcement is made in the press notices for the near future engagement in this city of the Aborn Opera company. The announcement will be

read with interest by Newark friends of Miss Zoa Fulton, for it is probably the first time her Newark friends and admirers will have the opportunity of seeing this talented young singer in her home theatre. Miss Fulton is the mezzo soprano of the company, which is made up of a number of artists. The company is singing a number of the older and newer operas and will play "The Bohemian Girl" for the Newark number.

Mr. and Mrs. Elmer E. Moore, Mrs. Alice Watts and Mrs. A. H. Marple and daughter Lois spent Sunday at the home of Mr. and Mrs. Howard Mills in Hopewell township, making the trip in the Moore touring car. They were joined there by Mr. and Mrs. Hearing of Zanesville and the day was thoroughly enjoyed by all.

Mrs. Howard L. Maddocks will be the entertaining hostess of the Wednesday Afternoon Thimble club on the regular club day of this week at her home in West Church street.

The initial meeting for the fall season of the Tuesday Afternoon Euchre club will be held on Tuesday afternoon, October 17, at the home of Mrs. Helen Franklin in Hudson avenue.

PERSONALS

Miss Carrie Allen spent Friday at Columbus.

Mr. and Mrs. C. M. Thompson are in Columbus today.

Mrs. Charles Smith left for Cincinnati this morning.

D. D. Wilson of Chillicothe is in the city on business.

J. Williams of London, O., is in the city and is registered at the Seiler.

Mrs. James Brown and Miss Bertie Jones were Columbus visitors Friday.

C. Walter Jones of the Holophane company has returned from a trip south.

Messrs. Henry Schenk, F. Schenk, William Winters, Jake Winters, Chas. Varner, John Kennedy, Fred Brown,

Mr. and Mrs. Jacob Winters, and daughter Mary spent Sunday in Shawnee.

R. C. Mhanda of the Pike-Richmond company of Cleveland is in the city today.

Starling Morse left this morning for Los Angeles, where he has secured a position.

Miss Florence Long has returned to Newark after a short visit with friends in Zanesville.

Mrs. Bernard Sheridan of Morris street is visiting in Columbus a guest of Miss Nellie Duffey.

Mrs. E. Curtis of Nashport, Ohio, is a guest at the home of her son, E. S. Curtis in Coshocton.

Harold White of Jeffersonville, O., is the guest of his cousin Carl Swisher of Hudson avenue.

Miss Jessie Sprague of Cleveland is visiting her sister, Mrs. Helen Franklin in Church street.

Mrs. Dwight Rhoads of Hunt Station is visiting her cousin, Mrs. J. W. Monnett on West Main street.

Mr. and Mrs. J. E. Richards and family of Warrenton, Va., are guests of D. Fletcher of North Fifth street.

A. W. Gartner of Altoona, Pa., arrived in the city Sunday night and will remain here for a day or two.

Miss Loree Tygart of Hebron was the guest Saturday and Sunday of Miss Kathryn Mast of North Fourth street.

Mrs. Rebecca Matlack, who has been visiting in Newark, was called to Circleville by the death of Mrs. Mollie P. Sweeney.

Mrs. Helen Franklin and Master Paul Franklin spent Sunday in Columbus the guests of Mr. and Mrs. Paul Franklin.

Mrs. Matt Smith of 18 North St. Clair street, has returned from Belaire, Ill., after a pleasant visit with Mrs. C. F. Blinn.

Emerson R. Miller, son of Hon. W. E. Miller, who is attending school at O. S. U., spent Sunday with his parents at their home here.

Miss Harriet Hollman, R. M. Frost's stenographer of the Holophane company, has returned from a vacation trip through the southern states.

Mr. and Mrs. Lewis P. Schaus, formerly of Newark, have changed their residence from East Broad street to 67 North Grant avenue, Columbus.

Mr. and Mrs. F. D. Jamison and daughter, Miss Helen, of Plymouth, O., who have been visiting here during the past week, returned home Monday.

Mrs. Charles Wesson and Mrs. Kemper Scott, spent Friday at Columbus. Mrs. Wesson remained over in the evening to see Grace George in "Much Ado About Nothing" at the Colonial.

Mrs. Henry Rooley and young son, Robert, who have been spending the past week with her mother, Mrs. Emma Wilson, at her home on Clinton street, left Monday morning for their home in Akron.

Ben B. Hoover of Canton is in town visiting his parents, Mr. and Mrs. Charles M. Hoover. Mr. Hoover is just recovering from an attack of bronchitis, but expects to return soon to work at Canton.

OUR GROWTH

Means that we afford safety and fair interest to our depositors and that we give to our borrowers the best terms and most privileges to repayment in whole or in part at any time. We pay our depositors five per cent and loan to borrowers at six. This is fair to both. The Buckeye State Building and Loan company, Rankin Building, 22 West Gay street, Columbus, Ohio Assets \$5,000,000.

MEASURES MUST BE HEAPING FULL

Notice from the State Sealer of Weights and Measures to the Department of Weights and Measures of Newark, Ohio:

Irish potatoes, sweet potatoes, turnips, parsnips, carrots, dry onions, tomatoes, apples, peaches, pears, or any other commodity usually sold by measure, "must be heaped in a conical form, as high as the articles to be measured will admit," and sold from SEALED MEASURES.

This applies to all grocers, peddlers and market men.

(Signed) JAMES RICHTER, Acting Sealer of Weights and Measures, Newark, O.

Will Admitted to Probate. The will of Wilhelmina Kullmer, deceased of Newark, has been admitted to probate and Jordan J. Biederman has been appointed executor. Bond, \$500.

CRISCO

CASCARETS SURELY STRAIGHTEN YOU OUT

No Headache, Biliousness, Upset Stomach, Lazy Liver or Constipated Bowels by Morning.

Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passage through these alimentary or drainage organs every few days with Salts, Cathartic pills, Castor Oil or Purgative Waters.

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist.

Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, coated tongue, indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

Rubbers and Felts at Long's RKD. 9d3t

TYPHOID FEVER

Government Warning Sent Out to Take Precaution Against Spread of Disease.

Washington, D. C., October 9.—"The prevalence of typhoid fever in practically every section of the United States makes any measure which will protect the individual or assist in preventing the spread of the disease of great importance to health authorities."

This warning to physicians and health authorities throughout the country has been sent broadcast by Surgeon General Wyman, of the Public Health and Marine Hospital Service. The Surgeon General urges the taking of every precaution against the disease, and recommends the use of anti-typhoid vaccine. He declared that the production of artificial immunity through the use of this vaccine is one of the best measures for personal safety, and should be used by all those who are unduly exposed to the disease. He adds:

"Vaccination should, however, in no wise supplant the measures now in use for the protection of the general health and for the prevention of the spread of the disease, the disinfection of typhoid excreta in the household and the keeping of water supplies, both private and public, free from all contamination."

MANY SIR KNIGHTS WILL ATTEND THE DAYTON CONCLAVE

All the arrangements are now complete for the pilgrimage of the members of St. Luke's Commandery, No. 31, Knights Templar, of this city, to Dayton, O., to attend the grand commandery, and take part in the big parade on Wednesday afternoon. Mr. O. C. Farrell, eminent commander of St. Luke's Commandery, informed an Advocate reporter Monday, that while a few of the members, including himself, would go to Dayton on Tuesday, so as to be on hand to attend the reception on Tuesday night, that the bulk of the commandery, about seventy in number, would leave Newark at 7:15 o'clock on Wednesday morning, accompanied by their ladies and the Granville band. He also said that St. Luke's Commandery had been assigned to a position in the parade in the second division, which will join on the east side of St. Clair street. The members of St. Luke's Commandery will make their headquarters at the Algonquin Hotel. While the majority of the members of the Commandery will return home Wednesday night, a number of the Sir Knights will remain for three days.

RUMORS OF A SENSATION IN LORIMER CASE

Chicago, Oct. 9.—Although attorneys for the United States Senate committee which is investigating charges that United States Senator Lorimer obtained his seat by bribery and corruption declined to talk today there is a persistent rumor in political circles that they have uncovered evidence of a sensational nature during their month's stay in Chicago. The Lorimer hearing will be resumed here tomorrow and the committee is expected to hear evidence for about a month.

Holding a commanding club, don't hesitate to tell the cook it looks like rain, if the soup justifies the declaration.

MAYOR WELCOMES LABOR DELEGATES

Cleveland, Oct. 9.—Three hundred delegates to the convention of the Ohio State Federation of Labor assembled here today for what promises to be the most important labor session ever held in the state. The morning session was taken up by an address of welcome by the mayor of Cleveland and a response by John Voll of the state federation.

The probability that the initiative and referendum may be given a place in the new constitution has added interest to the labor meeting.

CLUB HOUSE TO BE KEPT OPEN DURING WINTER

The golf committee of the Country club announces what will probably be the final golf tournament of the season for Tuesday, October 17, at the club. The affair is a men's handicap tournament each player being assigned a certain number of strokes and he is given a flag. When he has made use of the number of strokes given he places his flag. The players are partnered and the handicap is placed by the committee with low scores and scores turned into the score box taken into consideration.

The whole of Tuesday will be given over to the tournament and marks the final event of a wonderful successful season at the club. The club house will be kept open during the winter months and it is certain that it will be the scene of a number of merry entertainments.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Itching, Faded Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist today. Use it and see for yourself how quickly dandruff goes and gray hairs vanish.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

TOMORROW'S MENU

Breakfast.	
Fruit	
Minced Veal on Toast	Coffee

Lunch	
Clam Chowder	
Fruit Chocolate Cookies	
Apple Sauce	
Dinner	
Green Pea Soup	Sweet Potatoes
Veal Terrapin	Stuffed Peppers
Wafers	Lettuce and Carrot Salad
Sweet Omelet with Jam	Cheese
Coffee	

Recipes for Oct. 10, 1911.

Fruit Chocolate Cookies—Cream thoroughly one-half of a cupful of butter; gradually add one cupful of sugar, beating until creamy. Mix together three tablespoons of grated chocolate, two tablespoons of sugar and three tablespoons of warm water and cook for a moment over the fire until smooth, then beat into the first mixture. Add two well beaten eggs, one-quarter of a teaspoonful of salt, one teaspoonful of vanilla, one cupful of seeded and chopped raisins and one pint of flour sifted and mixed with one scant teaspoonful of baking powder. Now add as much more flour as may be necessary to make just firm enough to roll out quite thin. Cut in rounds and bake on greased pans in a moderate oven.

Sweet Omelet With Jam—A sweet omelet is a delightful dessert, its only drawback being that it must not stand, but go at once to the table. For the filling crumble half a dozen stale macaroons, add to them one heaping tablespoonful of thick whipped cream and three tablespoons of strawberries or other kind of jam. Beat six eggs, without separating, adding one tablespoonful of warm water and one teaspoonful of sifted powdered sugar. Put in a very hot pan drop one scant teaspoonful of butter and tilt until the bottom is evenly greased. Pour in the eggs and shake and turn with a spatula. When the omelet is set and ready to fold, pour the jam mixture in the center, fold over and turn out on a hot dish. Dredge with a little powdered sugar and brown quickly by holding close to it a clean red hot shovel, or score in parallel or crossed lines with a red hot poker. Send to the table instantly, and over each service put a spoonful of sweetened whipped cream.

Sore Throat or Mouth

When the mouth or throat is irritated or diseased you have the common ailment of Sore Mouth or Sore Throat. If not quickly cured, you are in danger of contracting more serious or even fatal maladies such as Croup, Quinsy, Tonsillitis or Diphtheria. Nothing in the world will cure Sore Throat or Sore Mouth so quickly, so surely as TONSILINE because TONSILINE is the one remedy especially made for that purpose. It has never failed.

You'll need TONSILINE on these days, a few nights when the drug store is closed—better have a bottle ready at home when you need it most. 25 and 50 cents. The Tonsiline Co. Canton, Ohio.

OBITUARY

MRS. LAURA B. EVANS.

Mrs. Laura B. Evans, widow of the late Gilbert Evans, died at the home of her son, Clarence Evans, on Monroe street, Chicago, Saturday afternoon after a short illness of pneumonia. Mrs. Evans, who was a well known and highly esteemed woman of this city, had been visiting her son in Chicago for some time. The body arrived here Sunday night and was taken to her late home, corner of Eastern avenue and Cedar street. The deceased is survived by two sons and one daughter, Clarence, of Chicago, and Ray and Miss Mae of this city, who lived at home.

The funeral services will be held at the Second M. E. church Tuesday afternoon at 3 o'clock, conducted by Rev. M. Laughlin, and interment will be made in Cedar Hill cemetery.

MRS. LIDA MORGAN.

Mrs. D. L. Thompson received word that her sister, Mrs. Lida Morgan, had died at her home on South Bell street, Columbus, Sunday morning at 9 o'clock, after an illness of some time, aged 79 years. Mrs. Thompson went to Columbus Monday morning. The

body will be brought to Newark Tuesday morning at 10:45 o'clock and interment will be made in Cedar Hill cemetery.

The deceased was a daughter of the late Judge Levi Haughey, formerly one of the most prominent residents of Newark, and she is survived by two brothers in Columbus, Norton and Thomas Haughey, and two brothers and one sister in Newark, Johnston and Edwin Haughey, and Mrs. D. L. Thompson. Mrs. Morgan was born and raised in Newark and lived here for many years. For the past ten years she had lived in Columbus, making her home with her brother, Norton.

VIRGINIA MAY VAN WINKLE. Virginia May, the 20 months old daughter of Mr. and Mrs. Manford Van Winkle, died at the home 79 Columbia street, Saturday at 5 p. m. of pneumonia after a few days' illness. The funeral was held at the home Monday morning at 10 o'clock Rev. Ward officiating. Burial in Cedar Hill.

For a mild, easy action of the bowels, a single dose of Doan's Regulants is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

China and Kitchenware, Long's, RKD. 9d3t

VELVET COSTUME OF PRACTICAL TYPE. A suggestion of the form is seen in this suit of dark brown velvet for the narrow, gracefully cut skirt flaps in front over a sharp V-must just below the knee. At the back of the skirt is a broad, semi-detached panel, the holding-ribbon closing with velvet buttons is trimmed with ladders of French and South Sea pearls, the sleeves and revers are of conventional type and the velvet-covered tulle collar is relieved with a cluster of white wings of graduated sizes.

PREPARING FOR LEGAL BATTLE OF STATE RIGHTS

Washington, Oct. 9.—Attorney gener-
als from a number of states gathered
before the bar of the supreme court of
the United States today in preparation
for the great legal battle of the states
for the right to regulate interstate
commerce. Motions were made to ad-
vance the Missouri rate cases for hear-
ing with the Minnesota rate cases and
cases from Oregon and Kentucky which
have already been set for hearing be-
fore the call of the regular docket.
Other states through their attorney
generals are also preparing to take
a part in the momentous litigation.
The indications are that the group of cases
will present one of the most novel and
spectacular fights in the history of the
supreme tribunal.

MRS. MARGARET JANE SCOTT.

Mrs. Margaret Jane Scott, wife of
Mr. Silas Scott, died at her home in
Edon township this county, at 3:30
o'clock Monday morning after an ill-
ness of two years with lung trouble,
aged about 63 years. The deceased
was a good christian woman, and had
been a member of the Pleasant Hill
Baptist church for many years. She
is survived by her husband. The fu-
neral services will be held at the
Rocky Fork church Wednesday morn-
ing at 11 o'clock, and the interment
will be made in the Rocky Fork
cemetery.

PERILOUS

(Continued from Page 1.)
International balloon race for the
James Gordon Bennett cup trophy in
the balloon Buckeye, has returned
here and relates a thrilling story of
this perilous flight. For hours,
in the darkness, high above the
clouds, driven miles over the country
by a terrific force, forced to the
ground by heavy rain, and dragged
through woods and across fences,
were some of their experiences of
late Thursday night and Friday morn-
ing. They were finally compelled
to land in the center of the Wisconsin
flood district a short distance
from the Black River, having covered
1367 miles and having been in the air
nine hours.

"We started from Kansas City at
6 o'clock Thursday night," said Mr.
Wade, "took a northeasterly course
and before dark were high above the
clouds. For hours we flew through
utter darkness and intense cold. It
must have been after midnight when
we ran into a veritable tempest. The
downpour of rain weighed the bal-
loon down like lead and we were
forced down steadily despite our
throwing out ballast. The gale was
blowing 50 miles an hour. Drenched
to the skin and blinded by the wind
and rain we were almost helpless.
Before we realized it, the basket
in which we were riding was crashing
through a woods and almost the next
minute it tore its way through a
fence and then swung within ten
feet of a farm house. Our situation
was serious. The torrent of rain was
holding us down, while the wind
was sweeping us onward.
"It was now 8 o'clock in the morn-
ing as near as we could judge, and
we had been riding nine hours. Owing
to the darkness, wind, rain and
clouds we never knew just where we
were. It was growing too hazardous
to keep going. Now we were swing-
ing over fields, splashing in great
puddles of water, ploughing through
thick woods or just missing striking
farm buildings.
"So we threw out our anchor and
the Buckeye swung to. We had an-
chored in a cornfield, not far from
Millstown, Monroe County, Wis., in
the center of the flood area, and not
far from the Black River. We took
the first train we could and start-
ed for home. Neither of us was in-
jured in the flight."

ARE YOU DRIFTING

into the crowd of weak,
weary, depressed; or are
you filled with vitality and
energy?

Health is the founda-
tion of success.

Nerves, Brain, and
Body should be staunch—
dependable.

Scott's Emulsion

the best of food-tonics, is
the firm footing for health.

ALL DRUGGISTS

GERMAN BALLOON IS DECLARED THE WINNER.

New York, Oct. 9.—The German
balloon Berlin II has been officially
announced as winner of the James
Gordon Bennett trophy at the Aero
Club of America. Speaking for his
associates on the club, Alan R. Haw-
ley, winner of last year's internation-
al race, praised the pluck which had
given the Germans the victory.
While we regret that the trophy
does not remain in this country," said
Mr. Hawley, "we have nothing but
praise for Lieutenant Gerike, the
Berlin's pilot, to whom we extend
our heartfelt congratulations. With
the trophy going to Germany, added
zeal will be given to the race next
year."

year."

NO REASON FOR DOUBT

A Statement of Facts Packed by a
Strong Guarantee.

We guarantee complete relief to
all sufferers from constipation, or,
in every case where we fail, we will
supply the medicine free.

Rexall Orderlies are a gentle, ef-
fective, dependable, and safe bowel
regulator, strengthener and tonic.
They aim to re-establish nature's
functions in a quiet easy way. They
do not cause inconvenience, griping
or nausea. They are so pleasant to
take and work so easily that they
may be taken by any one at any
time. They thoroughly tone up the
whole system to healthy activity.

Rexall Orderlies are unpassable
and ideal for the use of children, old
folks, and delicate persons. We can-
not too highly recommend them to
all sufferers from any form of con-
stipation and its attendant evils.
Three sizes, 10c., 25c., and 50c. Re-
member you can obtain Rexall Order-
lies in this community only at our
store—The Rexall Store, Frank D.
Hall, 18 North Side Square.

TAFT KILLING HIS CHANCES BY SPEECHES

Louisville, Ky., Oct. 9—"If he isn't
careful, President Taft will 'kill' him-
self by the speeches he's making in
the West," declared Speaker Champ-
Clark of the House of Representatives,
who was in Louisville Saturday.
Questioned as to whether he thought
the president had said anything on
his tour that might work seriously
against him in the coming "residential"
campaign, Mr. Clark replied:
"I haven't heard of his saying any-
thing that will do him any good."

Louisville, Ky., Oct. 9—"If he isn't

Clark of the House of Representatives,
who was in Louisville Saturday.
Questioned as to whether he thought
the president had said anything on
his tour that might work seriously
against him in the coming "residential"
campaign, Mr. Clark replied:
"I haven't heard of his saying any-
thing that will do him any good."

DO THINGS WELL.

Say, do you plow or peddle glue, or do you buy, or trade or
sell? Whatever may be the work you do, be sure you try to do it
well. If there's a man entirely great, a shining moral, grand and
good, be sure he reached his high estate by doing things the best he
could. When I was young I herded hens and drove them to their
pens, and led them tacks and shredded prunes. And people stopped
upon their way to greet my flock with joyous howls, and often
they'd rear up and say: "Who ever saw such gorgeous fowls?"
In after years I sold seed oats, and saved the husks from muley cows
and shaved the beards from billy goats, and did a stunt with cross-
cut plows. And always I would buckle down, and say: "I'll do this
job so well that nary critter in the town, can view with derisive
yell." That's been my plan all my days, and now I live in Easy
street, while round me inefficient jays have not enough to eat.

PROGRESSIVES

Will Control Constitutional Conven-
tion—Many Socialist Candidates
Are in the Field.

Columbus, O., Oct. 9.—Of the 419
men who have weighed in as candi-
dates for delegates to the constitu-
tional convention from the 88 coun-
ties of Ohio, 286 have declared them-
selves to be progressives, 120 have
been branded conservatives and the
remaining thirteen are uncertain
quantities. The list of progressives
includes Socialist candidates who are
running in a majority of counties.
With the campaign now on it is ad-
mitted on all sides that the big fight
will be between the progressives and
the reactionaries with the liquor
question the most important side is-
sue.

Licking County Candidates.
As stated in Saturday's Advocate
there will be four candidates for
constitutional delegate from Licking
county. Henry C. Keller, an Etna
township farmer, Prof. W. H. Johns-
ton, a professor at Denison univer-
sity, Attorney A. A. Stassel, Republi-
can, of this city, and Sydney B.
Smith, Socialist, also of Newark. All
are progressives and favor the li-
quor initiative and referendum. Mr. Keller
is said to favor a separate submission
of the liquor question. Attorney Stas-
sel has not signed the liquor submis-
sion pledge nor have the two others.
Mr. Stassel also favors the recall of
all executive officers, but would not
make it compulsory by constitution.

KINDERGARTEN OPENED TODAY

Newark's smaller children have had
the opportunity afforded them to again
attend kindergarten school. Miss Mary
Louise Wales and Miss Mabel Jones on
Monday morning opened a new kindergar-
ten school in the basement of the
Belmar and quite an enrollment of
tiny tots was noted.

The school is completely equipped
and has a piano and the little ones are
carefully cared for. The number in at-
tendance numbered twenty and they
will be taken to and from their homes
in a "caddy" which may be curtailed
in inclement weather. The hours are
from 9 to 11 and the ages of the chil-
dren attending number from three to
six years.

Miss Mary Louise Wales is a gradu-
ate in kindergarten work, having com-
pleted her course at the Chicago Kin-
dergarten school, and she is exception-
ally capable in this line of work. Miss
Wales will have a valuable assistant in
Miss Mabel Jones, who attended a
school for girls in Virginia.

* TELEGRAPHIC TIPS *

Lenox, Mass.: "Keep the change,"
said J. Pierpont Morgan as he handed
Barber Dukes a twenty-dollar bill af-
ter a shave. "Best shave I've had in
years. Next."

Washington: So that they may prac-
tice together in Missouri when they
get their sheep skins, Mrs. Sarah T.
Andrew, 40, and her son Herbert B.,
20, started in law school.

Boston: Once wed, college women
stay wed, according to an alumnae
committee of Smith college. Only one
out of 57 got a divorce.

Cambridge, Mass.: Harvard's famous
elm about which for more than one
hundred years tree day exercises have
centered is decaying so rapidly is soon
to be cut down.

Sergeant Ky.: "Uncle Jim" Nor-
land, 83, styled Sallie Brown, 13, on her
way to school, wooed her three days
and now they are married.

Tarrytown, N. Y.: The hymn "Beau-
tiful Isle of Somewhere" criticized by
Governor Woodrow Wilson as "non-
sensical", was O-K'd by a vote of the
First Baptist church, the church at-
tended by the Rockefeller family.

New York: Mrs. Lillian Cox and
Werner Anderson, who for years have
lived across the street from each other
met first when the Cox machine broke
down in Switzerland. Anderson fixed
it. Now they are wed.

Montclair, N. Y.: Prayers of a
thousand women alone kept Mrs. C. H.
Brotherton, 76, a. c., according to phys-
icians, from dying. William Brothers,
is hastening from Europe hoping to
see her alive.

New York: A fly flew up Horatio
Southgate's nose while he was swim-
ming and he opened his mouth to
breathe. He swallowed so much wa-
ter he was taken out unconscious.

New York: Harry Kemp, the Kansas
poet, whose friendship for Meta Sin-
clair caused Upton Sinclair to sue for
divorce, has disappeared and friends
say the suit will be dropped. Sinclair
denies the report.

Atlantic City: Government life sav-
ers here sold for a tidy sum a sperm
whale weighing nearly eight tons
which washed ashore. It is the second
within 18 years to get stranded here.

Cleveland: New diet for cats is re-
commended. Mrs. James Kelley brought
up a kitten on raw liver and it now
measures three feet from "tip to tip"
and has a two foot waist measure.

Chicago: Forest Park, a suburb
"gone broke", gives undertakers four
days more before it charges a vehicle
tax on all funerals passing through its
territory.

Chicago: Chicago ministers yester-
day pleaded for support of mothers'
pension law passed by the last legis-
lature.

Paint that resists wind and water

Steamboat Owners and Steamboat Builders
Are Heavy Users of AURORA PAINT

Strenuous test, that. Storm-tossed, wave-swept, sun-baked;
resisting the tug and strain of changing temperatures. Believe
us, that takes real paint—AURORA PAINT.

Spartan Enamel

A high grade ready mixed
white enamel, for interior
work. Made from the very
best white gums. Flows
freely under the brush, giv-
ing a hard, glossy, porcelain
effect. Elastic, tough; won't
crack nor turn yellow. Un-
der the polishing rag it as-
sumes a soft, velvety finish
of exceeding beauty. Ask us.

Legal Tender Stock White

Better than pure lead as a
foundation for good paint.
Put up in semi-paste form
for painters who like to mix
their own colors. Legal Ten-
der Stock White is composed
of pure white lead reinforced
by the correct scientific mix-
ture of inert pigments and
linseed oil. This is not to
cheapen the product, but to
improve it. Both lead and
linseed oil are active agents.
The inert pigments make the
surface covered impervious
to moisture—and moisture
is the deadly enemy of lin-
seed oil.

The life of your linseed oil
measures exactly the life of
your paint. That's why Le-
gal Tender Stock White
makes a longer lasting job
than a pure lead paint.

DARWIN THEORY CRUMBLING.

Pastor Russell Says Evolution Is Unscientific and Tends to Undermine the Verities of God's Word—Higher Critics Leading the People Into Error—Divine Provision For the Regeneration of Mankind Will Be Made Clear During Messiah's Reign.

(PASTOR RUSSELL)

It is to you upon the altar to make an Atonement for your souls." (Leviticus xvii. 11.) He said:

All the trend of religious scholarship in recent years is away from the Bible and in line with the Evolution theory. The Bible sets forth that the first man was created perfect, in the image and likeness of his Creator, and that when he was disobedient, and came under the sentence of death; and that all trouble, all sin and sorrow, pain and death, for the past six thousand years, is the penalty, the result, of that fall from obedience and harmony with God. The Bible reaches the necessity for an Atonement for sin, and this lesson was shown in the typical sacrifices of bullocks and goats, which Israelites for centuries commemorated, especially upon their Atonement Day, at the beginning of each year.

The Bible and Evolution Opposed. Evolution claims that man started as a cousin to the monkey, and that instead of falling into sin and death, an evolution process has been bringing him up, up, up to his present high elevation. This theory, having no place for sin or a fall, finds, of course, no place or need for a recovery, through a Redeemer, a Savior. The two theories are absolutely opposed. Whoever believes the Darwinian theory cannot, logically, be a Christian. Whoever is a Christian cannot, logically, hold to the Darwin theory. And yet the pulpits of Christendom are well stocked with Higher Critics and Evolutionists, and all of our colleges and theological seminaries are graduating others, all antagonistic to the Bible and its presentations. For years the fight has been conducted on the quiet. The unbelievers hold the best and most influential pulpits and professorships in Christendom, and insidiously, craftily, undermine the faith of those who are paying them their salaries.

It is true that the battle between truth and error should come out into the open, because the majority of those who are being misled do not realize the situation until their faith is entirely

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."—Mrs. DEBRA BETHUNE, Sikeston, Mo.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?

Clean bathroom tub, pipes, and sink with GOLD DUST

To keep bath tub and lavatory snow white—to keep metal pipes, fixtures and taps brightly burnished—to purify metal bowl—there's nothing on earth like Gold Dust. Gold Dust is the great sanitary cleanser, because it sterilizes while it cleans, and drives out every germ and hidden impurity.

Other products may clean the surface—Gold Dust cleans to the bottom.

Add a heaping teaspoonful of Gold Dust to a pail of water and you are ready to prove these claims.

Gold Dust is sold in 5c size and large packages. The large package means greater economy.

"Let the GOLD DUST TWINS do your work"

undermined—until their minds are so entrenched in error that the verities of God's Word, including the words of Jesus and the Apostles, have passed with them into the list of absurdities. Amongst these, the stories of Jonah and the whale, Noah and the flood, etc., endorsed by Jesus and the Apostles.

Higher Criticism Means Higher Infidelity.

Today every college, every theological seminary throughout the whole civilized world, is teaching what is commonly known as Higher Criticism of the Bible—though the proper name for it would be higher infidelity—infidelity amongst the high ones of all Christendom. These Higher Critics are doing the same work exactly that Thomas Paine and Robert Ingersoll did, only that they are carrying on their work on a higher plane—appealing not to the gross and the vile, but to the refined, intelligent and truth seeking. As a result their influence is a thousand fold more injurious. Those to whom Paine and Ingersoll appealed were very rarely Christians at all; hence they destroyed very little faith—they merely made the unbeliever more rank and foul.

But these Higher Critic infidels of this "evil day" are making use of all the vast machinery of Christendom in all denominations, especially through theological seminaries, to undermine and overthrow the faith of all who have named the name of Christ, great and small, rich and poor, cultured and ignorant. It is being done systematically, too, craftily, deceitfully, in a manner that the masses of the people would scarcely credit. It is safe to say that fully four out of five who graduate from theological seminaries of all denominations are Higher Critic infidels, who are instructed that their main business is to promote morality amongst the people, especially to build up Christianity, particularly their own denomination, and to gradually, stealthily, craftily wean the people from the faith of the Bible to their higher critical dogmas. And they are succeeding most wonderfully. A "pestilence" is the only figure of speech which really fits to this pernicious influence.

"Out of Thine Own Mouth Will I Judge Thee."

Said the Lord, and in harmony with this we find that in the Lord's providence these Higher Critics are gradually more and more telling on themselves. But the nominal Christian is quite obtuse, and many of the true Christians, as the Apostle explains, are merely "babes in Christ," unable to use the strong meat of the Word, and capable only of enjoying or using the "milk of the Word," and incapable of using its strong meat. Hence the open declarations of these wolves in sheep's clothing, who masquerade as sheep, are not taken seriously. If the sheep are startled by the words, they are soothed again by the thought that this is our kind minister, polished in manner and well educated, and he surely would not lead us astray, he surely would not deceive us. If he had ceased to believe the Bible and become an infidel he surely would have left the pulpit. Poor innocents!

Blood Atonement For Sin. Our text refers to a blood-atonement for sin. The Law Covenant required the death of a bullock and a goat, but the repetition of these sacrifices every year indicated that no cancellation was effected thereby—merely a typical covering of sin for a year. The Law required an eye for an eye, a tooth for a tooth, a man's life for a man's life, which implies that a perfect man must of necessity die in order to be the Redeemer of Adam and the race which shared his condemnation. The bullock of the sin-offering, therefore, was merely a type of a better sacrifice. The true sacrifice was provided in the death of the Man Christ Jesus. He was a man and yet not a sinful man, because, although born of a woman, His life was

from above. Had He received His life from an earthly father, He would have been a blemished, imperfect, sinful man, and as such could not have paid the ransom-price for another. For this cause One was chosen to be the Redeemer who was "holy, harmless, undefiled and separate from sinners." And all this because of His miraculous conception.

As in the type the blood of the bullock was used to make a typical atonement for a year, so in the antitype the blood of Jesus is efficacious to make atonement for the sins of the whole world. In the type an earthly priest offered the blood, in an earthly tabernacle; in the antitype, He who became the Sin-Offering, begotten of the Holy Spirit, at the time of His consecration, was therefore recognized as the great Antitypical High Priest. After His resurrection He ascended on high, "to appear in the presence of God for us"—for the Church—first; and when the Church shall be completed, He will appear for the world. He will seal the New Covenant for Israel, applicable to all the families of the earth, through Israel. Then, as the great Mediator of that New Covenant (Hebrews xxi. 13), He will, for a thousand years, reign as King of earth, the Antitype of Melchisedec, a Priest upon His throne—a Royal Priest, possessed of the necessary power to put down sin and to uplift humanity and perform the function of instructing and blessing mankind.

To Regain Paradise Lost. The Paradise lost when Adam sinned was a miniature one. It is to be restored and to be world-wide in extent. "God will make His earthly footstool glorious." He has promised to make His footstool glorious—"He formed it not in vain. He formed it to be inhabited."—Isaiah lx, 13; lxxvi, 1; xlv, 18.

As the earthly Eden it will be inhabited by its master, man; the restored earth would be naught without its master restored. And this is the Divine provision, that as by man came death, sin, sorrow, pain, trouble, by a man also shall come the resurrection of the dead, the uplifting of Adam's race, mentally, morally, physically, to human perfection, happiness and everlasting life. Earth's blessings will be for all except two classes: (1) Those who love sin and hate righteousness, after having been brought to a full knowledge of both good and evil, will have no further Divine favor, but will die the Second Death. (2) The others who will not get human perfection and earth's blessings will be a spiritual class, a saintly class whom God is now selecting from among mankind to be His co-laborers with Christ in the uplifting and restitution of humanity.

Unquestionably, the Almighty could have arranged a plan for dealing with humanity differently—He could have put a different penalty upon Father Adam. The present arrangement was made so as to display (1) Divine Justice, (2) Divine Love, (3) Divine Power, (4) Divine Wisdom. Man's fall and degradation under the death sentence witnessed to men and to angels the downward tendency of sin and Divine Justice in man's condemnation. Divine Love is manifested in the work of redemption. Divine Power will be manifested, during the reign of Messiah, in the uplifting of humanity from sin and death—the resurrection of the dead. Divine Wisdom will finally be seen by all when the great work of reconciliation and regeneration shall have been effected.

The Life Is In The Blood. We have always known that in a very important sense the life of every creature is in its blood, as our text declares. But we are continually finding that the Bible contains such a superhuman wisdom that many of its statements grow in importance as our knowledge increases. Our text is no exception to this rule. The latest findings of science are to the effect that life and nature are more particularly represented in the blood than in any other manner.

If the theory of Evolution seemed supported by Mr. Darwin's careful interbreeding of his pigeons, we are not to forget the difficulty we encountered in maintaining his fancy breeds. The constant tendency appeared to be to turn back to the original stock. We are now informed that this is a rule, a law of nature, which applies both

NATURE'S CURE FOR CHRONIC ULCERS

Only by removing the cause can any chronic Ulcer or Old Sore be cured. No one will question the truthfulness of this statement. The cause is always from an inward source, never an outward influence, and therefore the only possible way to get rid of these places is to take internal treatment. Pure blood is the one unfailing cure for chronic ulcers; just as long as the circulation is allowed to remain in an impure condition the place will be kept open from the constant discharge of impurities into it from the blood. But pure blood will change this condition and the flesh tissues will be nourished and made healthy, and then nature will promptly and permanently heal the ulcer. S. S. S. is recognized as the greatest of all blood purifiers and therein lies its power to cure old ulcers and sores. It goes into the circulation, and removes every trace of impurity or infectious matter, and so enriches this vital fluid that it nourishes all flesh tissues instead of irritating them with impurities. When S. S. S. has cleansed the blood and the place has healed over it is not a surface cure, but the ulcer is filled in with healthy flesh from the bottom. Free book and any medical advice will be sent to all sufferers who will write us. S. S. S. is for sale at drug stores.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

Mrs. Housewife—

Getting milk from the milkman is simply a habit, and millions of homes have outgrown it. There are hundreds of homes right around you who use nothing but Van Camp's.

Let us show what they gain, and how much you lose. This is a very important question.

Loss No. 1—Purity

Your milkman's milk isn't sterile. There are millions of germs in each drop. Sickness among children, in very large part, is caused by these germs in milk.

You know that. And you know the tendency toward pasteurized milk. That's the only real protection.

Van Camp's Milk is pasteurized. It is utterly sterile. There is not a single germ in a gallon.

Loss No. 2—Quality

Milkman's milk comes from all sorts of dairies, all sorts of cows. Van Camp's comes from model dairies and from Holstein cows.

We have dairies in seven states—each in the heart of a great dairying section. The cows are inspected—all milk is tested. Sanitation is a science in our plants. There is no finer milk in all the world than you get in each can of Van Camp's.

Van Camp Packing Co.
Indianapolis, Ind.

The Milk-Wagon Habit Madam, See What It Costs You

Loss No. 3—Richness

Milkman's milk separates quickly. The butter fat rises and the solids fall. Milk dipped from a can is never whole-milk. When that milk gets to the cooking it is rarely more than a half-milk.

Van Camp's is the whole-milk. The milk fresh from the cow is put into a copper vacuum. There, in moderate heat, we evaporate two-thirds of the water.

The milk as it comes to you is as thick as thick cream. It is 28 per cent solids, 8 per cent butter fat. It is so rich that folks always dilute it, even for coffee and cereals.

In cooking, this milk gives to milk-dishes an amazing richness and flavor. Not because of any addition, for we add nothing at all. This is simply the whole, rich milk. But whole, rich milk will surprise you—you who are used to milk wagon milk. A single milk dish made with Van Camp's will forever convert you to the use of this milk. Until then, your neighbors are serving milk dishes twice as good as yours—all because of whole-milk.

Loss No. 4—Convenience

You buy from the milkman from day to day. You always must guess at your needs. When you get too much it is wasted. When you get too little you must go without. Think of the dishes

you want, and can't make, because the milk supply is exhausted.

You can buy Van Camp's a month's supply at a time. It is like a cow in the pantry. Have milk and cream, all you want, when you want it. No waste whatever, for the opened can keeps until you use it up.

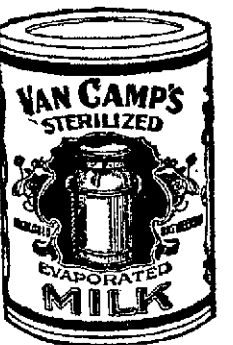

Loss No. 5—Money

The strangest fact is that this premier milk—from high-bred cows, from model dairies—sterile, rich and pure—costs less than milkman's milk.

We save you the cost of the daily delivery. That costs more than the milk. By evaporating the water we save transportation. And we save you all the waste. In the average home the use of Van Camp's cuts milk bills right in two.

Because of these facts, we are now milking 30,000 cows daily to supply the armies of people who are using Van Camp's.

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. That's with two-thirds the water evaporated. Your grocer gets it direct from our nearest dairy.

Van Camp's Milk Evaporated—Sterilized—Unsweetened

to animal and vegetable life. We are informed that all such breedings return to their original species in the third or fourth generation. It is even pointed out now that diseases of the blood proceed no further than the third or fourth generation, and this most fortunately, otherwise the physical health of humanity might be much more impaired than it is.

Is not this a direct corroboration of that Bible statement which some of us once thought so ungracious—God's declaration that He would "visit" the sins of the fathers upon the children, unto the third and fourth generation? (Exodus xx, 5.) It now appears that, instead of being a mark of Divine disfavor, it is a mark of Divine mercy that hereditary taint in the blood is limited to the third or fourth generation.

A celebrated physician and scientist, Dr. William Hahn Thomson, promulgating this theory, said:

"Professor George H. F. Nuttall, of the University of Cambridge, took up the subject and has so extended its application that a single drop of blood from any animal now suffices, not only to show by its own peculiar chemical reaction what animal it comes from, but also how nearly related an animal is by his blood to other animals. It begins, therefore, to look as if the whole classification of zoology might have to be re-arranged according to these blood tests. Thus a drop of blood from a walrus shows no relation to a drop of whale's blood, or the blood of any other cetacean, such as seals or porpoises, which, like the walrus, are mammals that have taken to the sea."

We may be sure that those who hold fast to the teachings of the Bible will come out on the right side of the argument in the long run. The endeavor of worldly-wise men to get away from God's book has led many of them to extremes of thought and of statement, which some day will be fully rectified by their shame, said Pastor Russell. The Bible foretells this, saying, "The wisdom of their wise men shall perish, and the understanding of their prudent men shall be hid." (Isaiah xxix, 14.) St. Paul refers to science, falsely so-called, which will ultimately be proven entirely wrong.

Complete Sin-Atonement.

For nearly six thousand years the reign of sin and death has prevailed. It is nearly two thousand years since the Redeemer came to give His life as man's redemption price, yet still the reign of sin and death continues. It is not because the blood of Christ was insufficient to satisfy the claims of Justice for the sins of the world, but because, before the merit of the blood of Christ could be given to Adam and his race, it must have a previous use. That use has been in progress for the past eighteen centuries, during which it has been the basis of the Church's justification by faith.

There is a difference between the Church's faith-justification of this Age, and the world's actual justification, to be accomplished in the next Age. The world will actually get restitution to human life and its privileges, earthly dominion, etc. All that Adam had and lost, all that Jesus redeemed, will be given to Adam and his race to have and to hold as theirs forever.

But, meantime, the merit of Christ's blood or sacrifice is used in the interest of "the Church of the First-born." The earthly, natural rights will not be given to the Church, for she is to have "some better thing"—a heavenly inheritance with her Lord and a participation in His spirit nature. The Redeemer's merit is imputed to the Church, to cover the imperfection and weakness of each one called and drawn of the Father to membership in the Bride of Christ. The difference between a gift and an imputation is manifest—an imputation signifies

merely a loan, an assistance. Thus the merit of Christ, imputed to those who would become His Elect Church, covers their blemishes so that they may present their bodies living sacrifices, holy and acceptable to God; as footstep followers of Jesus—as participants with Him in His spirit nature and in an attainment of the heavenly nature.

Thus it will be seen that since the entire world lost life and all its privileges through the disobedience of Adam, all of these may be fully recovered from their inherited disaster, through the Redeemer, because His life was given—figuratively, His blood was shed—"the Just for the unjust," as the great Sin-Atonement for the world.

Atonement For the Soul.

In our text the word soul is a synonym for person or being. Father Adam was a human soul, a human being, so also his children. He alone, however, had a standing before Justice. He alone was perfect, he alone was on trial, and through his disobedience and fall his children are involved. Jesus was, originally, a spirit being, personality or soul, the Logos. He became a partaker of flesh and blood; He was not, previously, a human soul, hence it was that it was necessary for Him to lay aside the glory of His higher nature or order of being and become a human soul, "that He, by the grace of God, might taste death for every man." (Hebrews ii, 9.) He gave His blood, His life, a ransom for all, and thus we see the fulfillment of our text, the exhibition of Divine favor and love with the resultant blessing to the world, during Messiah's reign, and the blessing and exaltation of the Church, which must precede.

RHEUMATISM A BIG JOKE

It's so easy to get entirely rid of Rheumatism or gout since the discovery of RHEUMA that people who continue to suffer are surely playing a painful joke on themselves.

It's such a sure thing that RHEUMA will cure Rheumatism that Evans' drug store will refund your money if it doesn't. This is the way it acts on everybody.

Port Myers, Fla.—"I was so crippled with Rheumatism that I could scarcely walk. I took one bottle of RHEUMA and was so greatly benefited that I bought four more bottles, and after taking them—three months ago—find myself cured."—Will Gift.

RHEUMA is a wonder worker. One hour after the first dose it begins to act on kidneys, liver, bowels and blood, and within a few hours the poisonous uric acid has begun to pass from the system through the natural channels. Bottle for only 50 cents. Mail orders filled, charges prepaid, by Rheuma Co., Buffalo, New York.

Indigestion, badly upset stomach, easily conquered with ENGLISH MARHUE. 25 cents at Evans' drug store. Mailed by Rheuma Co., Buffalo, N. Y.

TOUGH ON THE DOCTOR. We are glad to report Albert Blackburn recovering nicely, although Dr. Mobley is still attending him.—Sarasota Times.

A Shoe that Doubles a woman's Capacity for work or pleasure

In the ordinary shoe, at every step, the sole of the shoe rubs the ball of the foot. Thousands of rubs a day!

This continual rubbing draws the feet, makes them burn, throb, ache. The constant strain tortures the nerves of the feet and they in turn tire out the whole system.

The Red Cross Shoe saves a woman's strength, because it removes this strain. The sole of the Red Cross Shoe is flexible.

AMUSEMENTS

What the Press Agent Says

The Orpheum. There are four good acts opening at the Arcade theatre this afternoon for the first three days of this week, and chief among them is Irma Orsbany and her famous trained cock-

Florence Humes in 'The Under Dog' at Orpheum First Three Days.

toos which are one of the sensations of the season. They perform with almost human ability, acting out duels, shipwreck and many such pantomimes with a cleverness that is truly remarkable. They are great favorites with the old and young, but always prove to be especially pleasing to the little ones. The Imperial Trio have a mixture of good comedy singing and talking. In the skit is the popular black face comedian, the witty German and the 'city dude.' They have a new and original line and are sure to prove very interesting with their novel turn.

Florence Humes and company in that funny skit 'The Underdog' are a clever quartette. The sketch is full of funny situations and never fails to please. Frances Gerard, comedienne, has a refined singing and talking act and her pretty songs and stories are excellent. The Orpheum scope has a feature film.

'Quincy Adams Sawyer.' Now and then the theatre-goer finds a play that he would rather see again than an entirely new one. Such plays are great while they live on for many years, 'Quincy Adams Sawyer.' The great rural drama success, which is remembered as a most decided hit when seen here before, is a play that one has a taste for seeing again, and its return to this city at Auditorium theatre, Monday, October 9th for one night only will be hailed with genuine delight.

Montgomery & Stone. Newark theatre-goers will hail with glee the announcement of the engagement of the two comedians, David Montgomery and Fred Stone in the George Ade musical comedy, at the Auditorium when they come for one night, Tuesday, October 10.

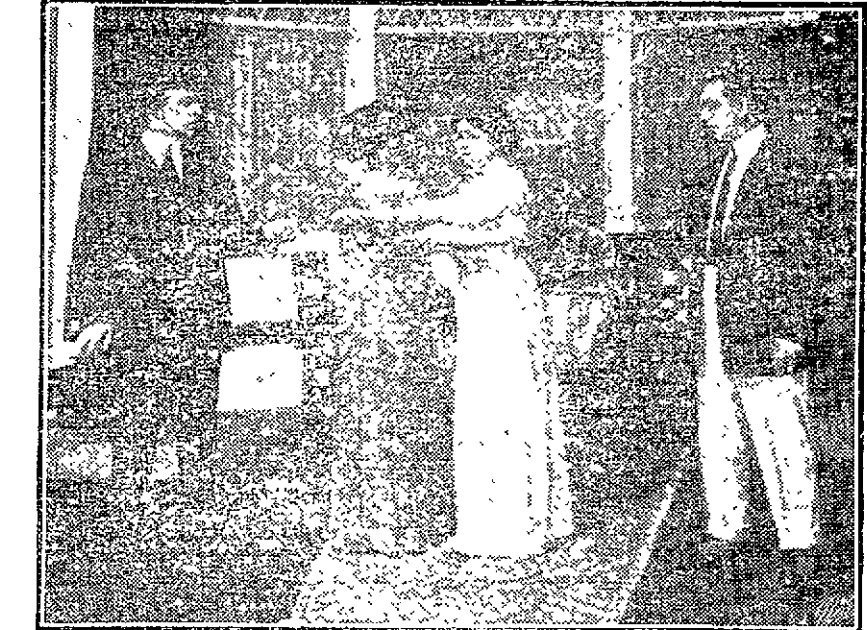

This engagement of Montgomery and Stone was arranged by Mr. Dillingham with considerable difficulty since many cities are clamoring for the favorite comedians in what is considered their most congenial vehicle. There will be but one performance.

The cast of 'The Old Town' contains all of the clever people who achieved new popularity on the occasion of the Chicago and New York York run, and, of course, being one of Mr. Dillingham's attractions the

matters of scenic and satirical beauty may be taken for granted. There are ninety people in the company and as one appreciative critic remarks, 'most of them can sing and all of them can dance.' The seat sale opened Saturday.

'Thy Neighbor's Wife.' Daniel Frohman has always been known for picking winners from among the actresses in this country. It was he who was responsible for the first appearance in New York of Maude Adams, Margaret Anglin, Mary Manning, Hilda Spong, Henrietta Crossman, Annie Russell, Effie Ellsler and dozens of other men and women who are now stars in this country. In selecting Patella Gaythorne for the leading role in 'Thy Neighbor's Wife,' which will be played here at the Auditorium theatre October 11, it is claimed that he has used the same excellent judgment. The performance in this city will be given under Mr. Frohman's personal auspices, and his company is headed by Arthur Byron.

'Rock of Ages.' No play has ever been seen on the stage which deals with the white slave traffic as extensively and as broadly as does Rowland and Clifford's new play, 'Rock of Ages,' written by Edward E. Rose, author of last season's success, 'The Rosary.' Handling as

Scene From Daniel Frohman's Laughing Success, 'Thy Neighbor's Wife.' Arthur Byron at the Head of the Company.

it does, topics of the present day that are alive, blood-red and vital, 'Rock of Ages,' does not feel content with merely pointing out the rottenness of many phases of everyday life in the big cities, but offers and proposes a remedy. 'Rock of Ages' will be seen at the Auditorium theatre Thursday evening, October 12.

'The New Bohemian Girl.' The big spectacular presentation of Balie's masterpiece announced to appear here soon at the Auditorium theatre, is the same massive production which the Aborn Opera company made at the Boston Opera House last September, and which proved one of the truly big successes of last season, and is now announced as being 'bigger, brighter and better than ever.' This particular production has proved the crowning effort of the Messrs. Aborn as producers of grand opera in English.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Purifiers makes the blood rich, red, pure—restores perfect health.

Montgomery & Stone, Who Make Their First Appearance in Newark on Tuesday Evening, Oct. 10, When They Will Be Seen in the George Ade Musical Play, 'The Old Town.'

WHEELING ENJOYS 'THE OLD TOWN'

The following is from the Wheeling Register, Montgomery and Stone having appeared in the West Virginia City last Wednesday; they will be seen at the Auditorium in this city tomorrow evening:

From the scarecrow and Tinman in the 'Wizard of Oz,' to the escapades of two troubadours in the 'Red Mill,' and now as a couple of stranded circus people in 'The Old Town,' Messrs. Montgomery and Stone made quite a hit with a large audience at the Court last night.

Although the piece was done all of last season, it never got around this section of the country until now, but it was well worth waiting for. George Ade, who has not been working his pencil now for quite a while, supplied the book, and Gustav Luders, wrote the snappy music.

There is really a story in this musical show of two circus men who are on their 'uppers.' They deserted the company with whom they had been 'troupin' on account of non-payment of salaries. They meet by chance their old sweethearts whose match-making aunt is trying to marry the girls off to two personages of note as she supposes. Having recently acquired wealth, the mother is now climbing the social ladder and wants to land her daughters just right. An iron box that has been hidden for hundreds of years with wonderful treasures is discovered by the sweethearts and the boys are up against it for funds, and, in order to raise the wherewithal for a lunch, a tight rope performance in the open air is arranged. The sheriff takes

plause' they got off some unique and original stuff, concluding with a get-away in a canoe that fairly took the house by storm.

COLUMBUS PEOPLE COMING TO NEWARK TOMORROW NIGHT

Fifty-four tickets have been sold to Columbus parties for Montgomery and Stone's 'Old Town' at the Auditorium tomorrow evening. When Treasurer Al Dougherty opened the box office this morning there were six Columbus men waiting for tickets. They came over personally to select their tickets instead of ordering them by mail or telephone. Newark people will probably realize Wednesday that they have had one of the leading attractions on the road at the local play house and then those who failed to see it will be sorry that they neglected the opportunity of witnessing the work of the two leading comedians of the American stage.

SCHOOL BOARD MUST PAY THE WATER RENTAL

An opinion by Attorney General Hogan, handed down Saturday in Columbus, sustains the stand taken by Service Director Christian when he demanded that the school board pay the city water works department for water used in the city schools.

Mr. Hogan, in his opinion held that where the school district extended beyond the corporate limits of the city, the board was required by law to pay water rental to the municipal plants. This is the same interpretation of the law, made by Mr. Christian and it was on this interpretation that he notified the school board to install water meters during the summer vacation. The board failed to comply with his order and when the schools opened in September the water service was shut off in several buildings.

At the time, Mr. Christian stated that he took this action merely to bring the matter to a crisis in order to have it definitely settled. The school board commenced action in the common pleas court praying for an injunction restraining the water works department from discontinuing the service and the court issued a temporary restraining order until the matter could be heard in court.

In the meantime, the local school board asked the state school commissioner, Mr. Miller, to get an opinion from the attorney general regarding the matter and the opinion was rendered Saturday. In all probability the case will be dismissed by the court or the suit withdrawn and the school board will pay the water rent as demanded by the service director.

COURT NEWS

Common Pleas Court. Charles C. Metz, et al., vs. City of Newark, et al., a suit brought to enjoin the levy of an assessment upon the property of plaintiffs for the changing of a sewer. Decree for defendants. Petition dismissed. Notice of appeal given; bond \$50.

Jennie H. Owings, et al., vs. Board of Trustees, etc., a proceeding to reverse the orders of the Trustees as to the apportionment of the cost of cleaning out a ditch. The case was sent to the probate court for further proceedings.

J. F. Keegan has been appointed superintendent at Grafton, vice H. R. Laughlin, assigned to other duties.

H. B. Green has been appointed superintendent of the Wheeling division of the B. and O. railway, vice J. F. Keegan, promoted.

REXALL DRUGGISTS MEET IN BOSTON

The ninth annual convention of the stockholders of the United Drug Company was held last week in Boston, about 2,000 being present. Eight years ago the company had but 32 stockholders. Today it has 5,000.

One of the most interesting events of the week was the inspection of the 'Children's Playground,' recently opened by the company. The grounds are excellently suited for the purpose and are equipped with all manner of appliances to amuse the children.

Bargains in Want Column tonight 10-2m6t

Have you noticed the growing importance in daily life of "Day Letters" and "Night Letters"? They were an expedient yesterday. They are a prime necessity today.

THE WESTERN UNION TELEGRAPH COMPANY

LAWS GOVERNING TAXATION OF MONEY AND SECURITIES

Believing many people are not clear in their own minds as to what kinds of intangible property are taxable under the laws of Ohio, we take this means of calling the attention of owners of this kind of property to this subject.

Money in the hands of banks, or trust companies, whether a savings account, a checking account or in the form of a certificate of deposit, is taxable, the amount to be listed being the amount the owner or holder had on April 9th, 1911.

Money in a building association, whether in the form of a certificate of deposit, a savings account or otherwise, is taxable.

The Board of Review is now and will be for several days giving the listing of the above kinds of property its special attention, to the end that no kind of property taxable under our laws shall escape its fair share of the burdens of taxation.

We wish to give all holders of this kind of property a fair opportunity to list it without penalties. Owners of this kind of property may see us at our office, southwest corner of Court House basement, where this kind of property may be listed for taxation and returns of personal property generally corrected.

7-2t BOARD OF REVIEWS.

NOTICE TO BIDDERS

Notice is hereby given that bids for the printing of the ballots, alphabetical lists and other required books and papers for the coming November election will be received at the office of the Board of Deputies State Supervisors of Election until 12 o'clock noon, Oct. 12, 1911. All bids must be accompanied by a bond and the board reserves the right to reject any and all bids. By order of the Board

JOHN H. RODGERS, Chief.
STANLEY R. MILLER, Clerk.
10-2, 5, 8.

SLEUTHS

(Continued from Page 1.)

square, where a crowd of over 1000 had gathered, shouts of "hush em" and "bent them up" were heard. However, no actual violence occurred.

When the car had gone a Wooster constable, friendly to the arrested men called up Sheriff Young at Medina and requested that he arrest the detectives on an assault and battery charge. When the car reached Medina, Sheriff Young, with his aids—Deputy Gates, Marshal J. F. Gange, of Medina, Merrill Mottoms, J. Cannon and George Bartholomew—went on board.

Sheriff Young, after scanning the passengers singled out Detective Stevens and told him he was under arrest for assault and battery, committed at Wooster. On Stevens' demand the sheriff refused to show his badge or other authority it is said. During the argument one of the detectives drew his revolver, but did not use it. After the car had crossed into Cuyahoga county a general fist fight ensued between the two parties.

In the meantime the sheriff's other deputies had telephoned the Cleveland police that the sheriff had been kidnapped. Lieutenant Pearce and six patrolmen met the car at the city outskirts but refused to take any action and advised the belligerents to go to the county jail and there thresh out the dispute.

Detective Stevens had been badly used up in the fight that he had to be carried from the car at the square into the county jail. The Clevelanders sprung a surprise at the jail by causing the arrests of Sheriff Young, Gates and Hange on the charge of assault and battery on Stevens, the warrants having been issued by a nearby justice of the peace.

PROPER IN THE NEWARK SEARCH AND SEIZURE RAID.

The W. H. Proper of the Wooster raid is the same detective who was in charge of the Cleveland anti-saloon detectives that searched the Bismark cafe a year ago last July which precipitated the trouble that led to such dire results a year ago last July. He has also been here on numerous occasions to testify in the trials of those indicted for the Etherington lynchings.

DELEGATES TO THE
FARMERS' CONGRESS
FROM LICKING CO.

Licking county has been signally honored by the appointment by Governor Harmon, of Mrs. William Alberry of Summit Station, as a delegate to the Farmers' National Congress, which will meet in Columbus on October 12-16. The honor lies in the fact that Mrs. Alberry is the only woman who has been appointed as a delegate to attend the congress. Women however, have been invited to come with their husbands to attend the conference. Licking County will be well represented, as is evidenced by the following delegates who have been appointed: Mrs. William Alberry, Mr. D. Broch, J. T. Myers, C. A. Wagy, Summit Station; Joseph Atkinson, A. M. Beem, Joe N. Farber, Jackson Merrill, J. N. Ride-nour, Walter Smith, D. D. Snider, J. A. Stalter, M. G. Palmer, Pataskala; F. H. Ballou, Fred H. Stevens, S. F. Van Vorhis, J. M. Farmer, Newark; W. D. Benner, Lee Gorsuch, B. D. Jackson, Green Tippet, C. M. Tippet, R. H. Tippet, W. A. Alsdorf, Johnstown; M. R. Carr, W. W. Reynolds, Charles R. Tulloss, Utica; Ernest L. Colwill, Enyart T. Denman, John C. Williams, Hanover; J. Ernest Hutchins, J. L. Gilpatrick, A. J. Cado, Granville; J. S. Loughman, Toboso; John H. Myer, Hebron; P. F. Koontz, St. Louisville.

CATARRH OF STOMACH

Indigestion and Stomach Amony Quickly Ended.

If you went to thirty doctors and paid each his fee for a prescription for indigestion or stomach misery it is ten to one you wouldn't get such a good prescription as the one from which M-ONA stomach tablets are made.

How can such a thing be? you naturally ask.

Simply because the man who wrote the prescription from which M-ONA tablets are made knows more about stomach diseases than 99 per cent. of all the physicians in America, and he gets paid for knowing.

And when you can get a large box of tablets made from this doctor's prescription for only 50 cents, are you going to continue to suffer? Sold by Evans' Drug Store and druggists everywhere.

COL. W. A. TAYLOR
SERIOUSLY ILL

The many friends of Col. W. A. Taylor, State Commissioner of Soldiers' Claims will regret to learn that he is seriously ill at his home in Columbus. He has been away from his office for nearly two weeks. Although Mr. Taylor does not seem to realize the seriousness of his illness, many of his intimate friends are considerably alarmed.

TO PILE VICTIMS:

Treat the Inward Cause if You Want a Cure.

Is Piles a skin disease? No, it is a stagnation of blood circulation—a swelling of blood vessels.

Why expect a cure from applications outside? The treatment should attack the cause.

Dr. Leonhardt's HEM-ROID (sugar coated tablets) is taken inwardly; it restores circulation, rids you of piles for good.

Sold by W. A. Erman & Son, and all druggists. \$1 for a 24 days supply, satisfaction guaranteed. Dr. Leonhardt Co., Station B, Buffalo, N. Y.

The best mathematicians in the world cannot figure out why the hats and coats checked out at a dance always fail to come out according to the tickets.

24-HOUR RELIEF FOR BACKACHE From Kidney, Bladder and Urinary Troubles, found by hundreds of sufferers through Dr. Kelsey's Tablets, saving them from dread and danger of Bright's Disease, Diabetes and other incurable diseases. Carr Drug Co., 117 Swan Block, Chicago, Indiana, will send you a full sized package of these wonderful little tablets, postpaid, for 10c. Positive relief from backache and permanent release from head and loin pains, short breath, puffing under eyes, paleness, loss of strength, too frequent urination, and sediment in urine. Send for full-sized 50c package—if you value your safety, comfort and health.

GRANVILLE CLUB
WOMEN INTERESTED
IN CENTENNIAL

Will Take Active Part in Program—
News of Historic Old Village
And Vicinity.

Granville, Oct. 9.—Granville club women will be interested in learning that women are to have a prominent part in the coming celebration of the Ohio-Columbus Centennial, during August and September of 1912, according to the plans that are now being worked out by the commission. The interest is such that many women's clubs throughout the state have given special space to the subject on their programs for this winter. The centennial will come up for special consideration at the meeting of the State Federation at Cleveland October 17. It will also be specially considered at the state meeting of the Daughters of the American Revolution. Practically all of the local chapters of Ohio have formally endorsed the project and the state body will ratify and reaffirm the same. Saturday, August 31, has been set aside as Mothers' and Children's day, and several speakers of national prominence will be on hand to address the women, while for the delectation of the children a special pageant presenting the dances of all nations in costume will be given. The D. A. R. will probably take charge of the large historical loan exhibition which will be a feature of the centennial celebration.

Little Miss Minnie, daughter of Mr. and Mrs. Charles D. Anderson, living a short distance north of the village, quietly celebrated her seventh birthday anniversary Saturday at her home. A number of little friends had been invited to spend the afternoon with her and to assist in celebrating the event, and all had a most enjoyable time. She was the recipient of a number of pretty postals and presents and all join in wishing her many more enjoyable anniversaries.

Mr. N. C. Brown, the well known pension agent of Union Station, received word that a little daughter was born to his son, Mr. Arthur Brown and wife of Philadelphia.

Some of the foremost educators of the country are considering the advisability of introducing the moving picture in the public schools, especially in the study of history, and the matter has been discussed at some length by Granville people. It is conceded that the modern film has a remarkable attractive power to children, and that used in the right way, it can be made of inestimable value to them. Of course the pictures would have to be confined to the facts of the historical subject, and devoid of all sensationalism, and that flicker that is so detrimental to the eyes would have to be reduced to the minimum.

The dog poisoner is at work in Granville again. A fine bird dog was found lying dead near the railroad Sunday morning. The animal was poisoned beyond all doubt.

Mr. and Mrs. G. N. Mason and daughter Miss Fannie, who have been visiting at the home of Mr. Mason's brother, C. D. Mason in the North End, for some days, returned home Saturday.

Plans for the proper observance of Halloween, the festival of goblins and spooks, which comes on Tuesday, October 31, are already under way in Granville. Many novel social events will precede and follow the auspicious date.

A number of Granville people are planning to attend the concert given by Miss Geraldine Farrar, the famous American singer, in Columbus on Wednesday night of this week.

Miss Ollie Chism, whose home has been near Granville, has moved to Hebron, and will make her home with her mother, Mrs. Jane Burch.

It is predicted that the price of eggs is going to be higher this winter than ever before.

Rev. W. E. Prior, who has been visiting here for some time, the guest of his sister, Mrs. Will Stark, has returned home.

With apples and cider plentiful and a record hickory nut crop, the coming winter looks like one grand sweet song.

Harvey Gates, who recently returned from an extended visit in the south, has been stopping at the Buxton.

Mr. and Mrs. F. C. Lake of Monroe, O., after a pleasant visit of a few days with friends in the village and vicinity, have returned home.

A few weeks more and we will be so busy looking for Christmas presents that we may not miss the ball scores.

Mrs. B. B. Longbridge has gone to Florida where she will join her husband, and where they will make their future home.

OPTIONAL WITH
SCHOOL BOARD

Many inquiries are being received from school boards over the state by State School Commissioner Miller, at Columbus, as to whether the schools should be closed on Thursday, Oct. 12, which is Columbus day, a legal holiday. It is optional with the boards whether the schools are closed or not. Commissioner Miller would prefer that the schools remain open and that a portion of the day be devoted to exercises from which the pupils would learn something about the discovery of the New World.

If you hold a good heart, don't discard it.

Our Harvest Sale Continues To Offer
Saving Opportunities In Abundance

New Fall and Winter Merchandise at One-Fourth to One-Half Less Than the Usual Prices.

The principal reason as to why we are in a position to quote such wonderfully low prices at the very outset of the season is because of our Extraordinary Buying advantages, in addition to our wholesale house at 70-72 Franklin St., New York City we conduct five retail stores in Ohio, Indiana and Iowa, thus giving us a purchasing power superior to any retail concern in this part of the state. We buy in enormous quantities direct from the mills and makers, which gives us unusual price concessions, "the right of the large buyer," so that we in turn can give our customers many benefits that could not be obtained elsewhere.

Up to \$1.00 New Silks at 49c a Yard—Attractive
New Styles For Waists and Dresses

We've bought 1500 yards of silk—ends of bolts, 10 to 35 yards in the pieces—at less than two-thirds their market value. There is a comprehensive range both of colors and of patterns included in
